Reference: Year End Report (07/01/99-12/31/99)

Dear Ms. Kelly:

In reference to the above report an amended report is attached and an explanation to your questions are as follows.

-Our original report disclosed a contribution from a joint fundraiser. We disclosed each individual and PAC as a memo entry as required by the FEC. Also included in the memo entries were the addresses, employers and occupations of each contributor. In the amended report, we have clarified each memo entry by inserting "Good Gov't 2000 Joint FR" in the entry and an arrow is pointing to each entry. Attached to this letter is a compiled list of all joint fundraising contributions (which will effect 2 different reports) and the contributors for it.

-Line 21, Column A, of the Detailed Summary Page now matches Schedule B. A computer program created duplicating entries on this page has been-corrected.

-Column B figures for the Summary and Detailed Summary Pages have also been-corrected due to a similar computer program error.

-Schedule B of our original report showed a contribution to a federal candidate. The state and district for the candidate is now included.
